RESEARCH INTERESTS

Differential geometry and algebraic topology. Secondary characteristic classes, geometric structures on higher bundles, generalized cohomology theories and their equivariant, differential, and twisted refinements, higher categories and sheaves, index theory, noncommutative geometry, and topology of matters.

ACADEMIC APPOINTMENTS

Chungbuk National University, Cheongju, Korea September 2019 – Present
Assistant Professor at the Department of Mathematics Education

Korea Institute for Advanced Study (KIAS), Seoul, Korea October 2017 – August 2019
Research Fellow (Postdoc) at School of Mathematics

The City University of New York (CUNY), New York NY, USA January 2017 – May 2017
Adjunct Assistant Professor (Hunter College and the Bronx Community College) of Mathematics

Max Planck Institute for Mathematics, Bonn, Germany October 2016 – December 2016
Postdoctoral Fellow

VISITING POSITIONS

The Hebrew University of Jerusalem, Jerusalem, Israel February 2020
Host: Zachary McGuirk

Hausdorff Research Institute for Mathematics, Bonn, Germany May 2017 – August 2017
Guest (Postdoc)
Trimester program “K-Theory and Related Fields”

Hausdorff Research Institute for Mathematics, Bonn, Germany August 2015
Guest (PhD Student)
Trimester program “Homotopy theory, manifolds, and field theories”

EDUCATION

CUNY Graduate Center, New York NY, USA August 2010 – September 2016
Doctor of Philosophy in Mathematics
Thesis title: A geometric model of twisted differential K -theory
Advisor: Mahmoud Zeinalian

CUNY Graduate Center, New York NY, USA February 2015
Master of Philosophy in Mathematics
Advancement to candidacy.

Yonsei University, Seoul, Korea March 2001 – February 2009
Bachelor of Science in Mathematics
Senior Thesis: Notes on L-Infinity algebras
Advisor: Jae-Suk Park
Member of honor program in sciences
On Leave from October 2002 to February 2006 for a mandatory military service.

PUBLICATIONS

June 2015–May 2016

Project title: Twisted differential K-theory, infinity categories, and mathematical physics

Principal Investigator. Amount \$1,000

CUNY Doctoral Students' Council Grant

Fall 2015

A grant for organizing seminars and conferences

Project title: The Homotopy Theory Learning Group

Principal Investigator. Amount \$700

CUNY Doctoral Students' Council Grant

Fall 2014

A grant for organizing seminars and conferences
 Project title: The Algebraic Topology Student Seminar
 Principal Investigator. Amount \$600

SERVICE**Scholarly Service**

Referee for Journal of Geometry and Physics.
 Reviewer for Mathematical Reviews June 2018 – Present
 Reviewer for Zentralblatt Math March 2016 – Present
 External reviewer for tenure-track faculty hiring process. June 2020 – Present
 Assessed major suitability and scholarly excellence for short-listed candidates for 2 national university and 3 private universities in Korea.
 PhD thesis reader (Committee vice chair) for 1 PhD in Mathematics Education.
 Organizer for Geometry Seminar at CBNU Mathematics Education dept. October 2020–Present
 Organizer for Topology Seminar at KIAS January 2018–August 2019
 Organizer for the three W's Seminar at KIAS January 2019–August 2019
 Postdocs' seminar addressing Was, Warum, Wie (what, why, and how in German) on each research topic.
 Organizer for the Homotopy Theory Learning Group at CUNY Fall 2015
 Organizer for the Algebraic Topology Student Seminar at CUNY Fall 2014

University Service (at Chungbuk National University)

Academic advisor of 23 students (cumulative) September 2019 – Present
 Steering committee member of the Education Research Institute December 2019 – Present
 Member of the Task-Force Committee for Future Education Center construction and pilot operation project August 2020 – February 2021
 Member of the Curriculum committee of the College of Education May 2020 – May 2022

Departmental Service (at Chungbuk National University)

Departmental Scholarship Committee August 2020 – Present
 Member of the Curriculum committee March 2020 – Present
 Interviewer for personality and aptitude test for undergraduate admission November 2019 – Present

Outreach and Community Service

Invited speaker for a career lecture for freshmen in the High School of the College of Education, Chungbuk National University July 2020
 Advisory panel for an expansion plan of Chungbuk Mathematics Experience Center, Chungbuk Natural Sciences Education Center November 2019 – December 2019

SUPERVISION EXPERIENCES**A study on differential cocycles via higher sheaves on manifolds (2 students)**

May 2020 – June 2021
 Mentoring a undergraduate student for reading Atiyah, Bott, and Shapiro, *Clifford Modules* and a Master's student for Freed and Hopkins *Chern-Weil forms and abstract homotopy theory*.

Geometry and topology of directed graphs (2 students)

September 2019 – February 2020
 Mentored undergraduate students for learning algebraic tools for research, providing support for participating conferences, and teaching \LaTeX .

Characteristic Classes Learning Group (2 students)

May 2013 – February 2014
 Lecturing and mentoring in a learning group of Milnor and Stasheff's Characteristic Classes.

**TEACHING
EXPERIENCES**

List of courses taught

Foundation of Mathematics I (A graduate course on non-Euclidean geometry)
 Topics in Geometry I (Graduate course)
 Geometry and Education (Undergraduate topics course on teaching topics in geometry, 3 semesters; incl. Fall 2021)
 Differential Geometry II (3 semesters; incl. Fall 2021)
 Differential Geometry I (2 semesters)
 Complex Analysis II (Will be teaching in Fall 2021)
 Complex Analysis I
 Geometry for Teachers II (2 semesters; Introduction to Euclidean, non-Euclidean, and projective geometries, 2 semesters)
 Geometry for Teachers I (2 semesters; a through overview on analytic geometry)
 Vector Analysis (Multivariable calculus and differential forms)
 Calculus III (Multivariable calculus)
 Calculus II (Integral calculus)
 Calculus II Lab (MAPLE simulation)
 Calculus I (Differential calculus, 3 semesters)
 Calculus I Lab (MAPLE simulation)
 Precalculus
 Trigonometry and College Algebra (Community College teaching experience)
 College Algebra
 Tasks Involved: Lecturing, grading, and writing and administering exams.
